### Handling children's questions about life and faith.

"Why didn't God stop the tsunami?", "Why did God let my mum die?" These big questions are just a sample of the many questions for which children are looking for answers as they struggle to make sense of life and faith. How we respond to children in the conversations that follow is of vital importance for children to grow in their understanding of God and their own faith.

### Unlocking the learning process with children.

A brief exploration of 15 keys that will help you to match your expectations of what children can understand and do with the diverse and creative range of learning experiences available. Unlocking this process by using these keys will empower your communication and build deeper connections.
